## ABOUT ME

Hi! I'm Kenneth, specializing in web development, graphic design, and video editing. I build beautiful, responsive websites with HTML, CSS, JavaScript, and various frameworks, focusing on clean code and intuitive design. I also create eye-catching graphics using Canva, Figma, and InDesign, and transform raw footage into engaging videos with Capcut and After Effects. Committed to delivering high-quality work, I'm easy to collaborate with and ready to bring your vision to life. Let's create something amazing together!
